

第43回全日本レディースバドミントン選手権大会東京都予選（都道府県対抗）

3部 令和7年5月13日 武蔵野総合体育館

Figure 1: A detailed phylogenetic tree showing the relationships between 53 Japanese female athletes. The tree is rooted at the bottom left and branches out to the right. Each node is labeled with a number (1-53). The names of the athletes and their respective clubs are listed next to the branches. The tree is divided into two main groups: a larger group on the left (nodes 1-47) and a smaller group on the right (nodes 48-53). The left group is further divided into several subgroups, including a large cluster of athletes from the 'Orie' (オリーブ) and 'I B C' (I B C) clubs, and a smaller cluster of athletes from the 'Swarow' (スワロー) and 'E S' (E S) clubs. The right group is divided into a cluster of athletes from the 'Hachinohe' (八王子) and 'Hachinohe' (八王子) clubs, and a smaller cluster of athletes from the 'Hachinohe' (八王子) and 'Hachinohe' (八王子) clubs.
